# ALICE and the Physical Internet: The SENSE Project

# Physical Internet & City Logistics New Video

# Knowledge Platform

# Platform [link](#)

The screenshot shows the Alice website homepage. At the top, there is a navigation bar with the Alice logo and links for 'Home', 'Calendar', 'Log In', and 'Create new account'. The main banner features the text 'IPIC 2019 | 6th International Physical Internet Conference | London' with three images: a building, red double-decker buses, and a cathedral. Below the banner is an 'About Us' section with a 'PI PHYSICAL INTERNET' logo and a grid of four icons: 'Projects', 'PI Companies', 'Funding Opportunities', and 'Basic Documents and Papers'. A blue arrow points from the 'PI Companies' icon to the 'Physical Internet Knowledge Platform' dashboard screenshot on the right.

This screenshot shows the 'ALICE/ Physical Internet Knowledge Platform' dashboard. The breadcrumb trail is 'Dashboard / Groups / Knowledge Platform / PI Companies'. The page has a search bar and a filter menu. Below the navigation, there is a grid of four company profiles: CONUNDRA (Complexity Controlled), AMIA Systems (Visualize-Quantify-Optimize), and ROADIE. Each profile includes a logo, the company name, and a brief description of their mission.

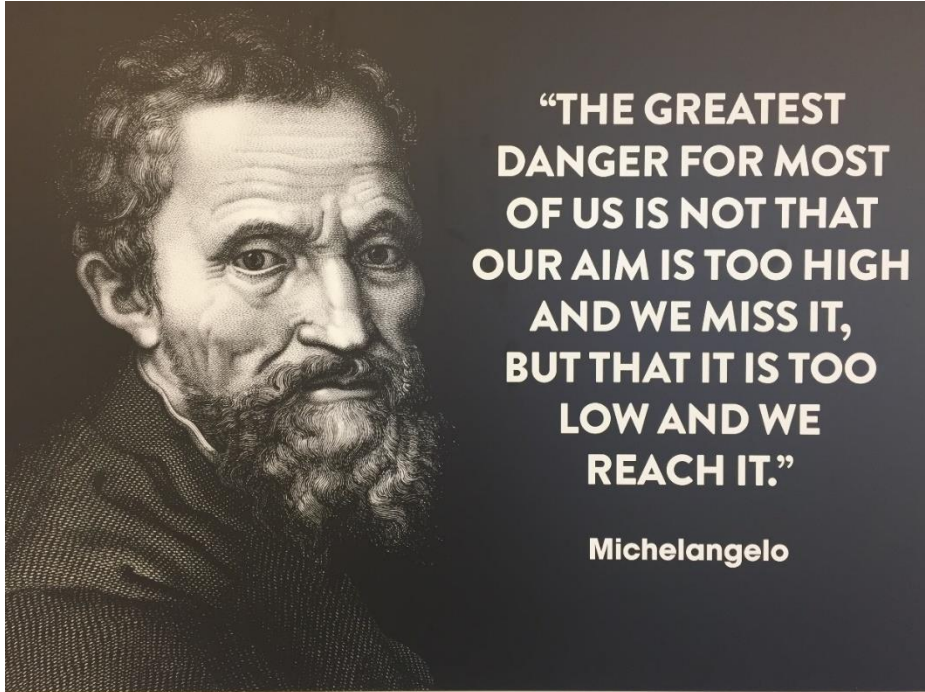

This screenshot shows the 'ALICE/ Physical Internet Knowledge Platform' dashboard with the filter set to 'Projects'. The breadcrumb trail is 'Dashboard / Groups / Knowledge Platform / Projects'. The page features a search bar and a grid of four project profiles: DOCKSTHEFUTURE, nextnet, and VITAL NODES. Each profile includes a logo, the project name, and a brief description of the project's goals and funding opportunities.

This screenshot shows the 'ALICE/ Physical Internet Knowledge Platform' dashboard with the filter set to 'Funding Opportunities'. The breadcrumb trail is 'Dashboard / Groups / Knowledge Platform / Funding Opportunities'. The page features a search bar and a grid of four funding opportunity profiles, all related to 'HORIZON 2020'. Each profile includes a logo, the funding opportunity ID, and a brief description of the project and its funding details.

Physical I

rch and innovation

*Logistics innovation for a more  
competitive and sustainable  
industry*

***Thank you!***
